ACCA P1

OpenTuition provides all the study resources you need to enable you to pass Paper P1 - all free of charge.

This short document details how to make use of OpenTuition and suggests an approach to make sure that you pass!

What is Paper P1 and how is it examined?

For an explanation of the nature of the subject and how it is examined, first read our [P1 “Key to success” article](#).

The two key elements to success are:

Learning and ***Practice***

Learning:

We provide a complete free course of on-line lectures covering everything you need for the exam, together with free downloadable Lecture Notes to be used while watching the lectures. You should watch all of the lectures in the order given in the programme attached and work through the examples in the Lecture Notes as the tutor works through and explains them in the lectures.

Our tutors are all UK qualified accountants and have all been training accountancy students for over 30 years.

Practice:

In addition you should buy a Revision Kit from one of the ACCA approved publishers. These contain lots of past exam and other exam-standard questions for practice, and practice is vital to passing the exam. (You can get a 20% discount on books from BPP by following the link on our website.)

The structure of the exam

The exam has two sections:

Section A has 1 question for 50 marks

Section B is a choice of 2 from 3 questions, each for 25 marks

Additional resources

OpenTuition also provides additional resources - again, all free of charge - including the following:

- * A **Paper P1 forum** where you can ask for help from (and give help to) other students on anything to do with the exam.
- * A **Paper P1 Ask the Tutor forum** when you can get help directly from the tutor responsible for P1.
